SUNDAY SCHOOL CONFERENCE

The Sunday School Workers' Conference drew a big audience last night, and the exercises were of an intensely interesting and instructive character.

Before Dr. Hamill began his lecture on the miracles and parables of Christ, he wanted to know how many Sunday schools were represented in the conference. He found four from Ocala, namely, Methodist, Baptist, Presbyterian and Christian, and seven from the rural section.

Hon. H. W. Long was called on to make a verbal report of the St. Johns Sunday school, of which he had been superintendent for forty years. He said in reply to Dr. Hamill's questions that while the school was now small, owing to the removal of a number to other fields of industry, the school had done splendid work during its existence, and that some of the scholars of forty-four years ago, who had been with it from the first, were still connected with it, namely, Hon. J. M. Barco, and others, whose locks were whitened with the passing years. That the children of these men had been, and are yet connected with the school, and most all of them had become devoted members of St. Johns church. Mr. Long was listened to with great interest.

Dr. Hamill then called on Mrs. Durst's class of grown boys, eleven of whom responded and lined up around the altar railing, where he spoke to them words of encouragement. He urged them to get and study Polly's Gist of the Lessons, a small pocket edition, which they would find invaluable. They were a fine looking lot of youths.

Dr. Hamill then spoke of the miracles of Christ, of which there were thirty-five, and the service of those miracles to the world, their significance, and why Christ so taught. In speaking later of the parables of Christ he said they differed from those spoken by man. The latter were of a purely personal and selfish nature, while those of our Lord and Master were ever looking to the bettering and the uplifting of the world.

It is impossible in these few lines to do the great expounder of Biblical truths justice. He must be heard to be thoroughly appreciated.

Mrs. Hamill then spoke of the relation of the mother to the child, and the place the home occupied in the training and teaching of the child. She beautifully demonstrated that as the twig is bent so will it grow, and the mothers of the world were the lieutenants of Christ, for whatever of good is to come to the future man or woman and to the world will come to them and the world through the mother's influence on the child. She illustrated this great truth in the experience of the material lines of people. She spoke of the child's imagination and what a wonderful thing it was to them; how children were often accused of telling untruths when in reality it was only a letting loose of the faculties that had received their training in the home, and too often wrongly judged.

To hear these gifted speakers illustrate gospel truths easily accounts for the large audiences they draw to them, and those of our city who have not heard them have indeed missed a treat and denied themselves a pleasure that cannot be invoked at will.

Tonight will end the Sunday School Conference, and those who have not heard Dr. Hamill and his lovely wife should attend.

Rev. L. W. Moore and those who assisted in getting up this conference deserve a vote of thanks on the cause of stimulating the good work of Sunday schools are doing all over the land.

C. H. Dame, the organizer for the Woodmen, returned this morning from Perry, where he instituted one of the finest lodges it has been his pleasure to organize since he so successfully went into the work. He was delighted with Perry and the social and progressive people he met there, and the kindness he received at their hands. He said Perry had three railroads and two more were shoveling dirt to reach the place, namely, the A. C. L. from the southeast, and the S. A. L. from the northwest; that it is a country just being opened up and its wonderful supply of turpentine and timber given to the world. Perry has a population of some 1200 people, is the county seat of Taylor county, and is growing at a marvelous rate. The demand for carpenters and material to construct new buildings far exceeds the supply and there are now frames for twenty-five houses awaiting workmen to complete them. Mr. Dame said Perry reminded him more of a rushing Western town than any place he had struck in Florida. Everything was activity, bustle and push. It is the seat of a very large naval stores industry and timber output. He spent last Sunday at the noted Hampton Springs, five miles from Perry, where marvelous cures for rheumatism and other bodily complaints are being effected by its waters. While there Mr. Dame met a Mr. Marion, a former resident of Ocala, who is now one of the prosperous builders of the rapidly growing town. He reports that J. O. Culpepper, the proprietor and editor of the Perry Herald, had just sold his newspaper and its outfit to Editor Pound, the former brilliant editor of the Live Oak Democrat, who took charge of the property March 1. S. S. Sanford is the up-to-date mayor of the place and the adviser lieutenant of the new Woodmen camp. The other officers and members of the camp are among the leading business and professional men of the town. Dame says to keep your eye on Perry and watch it grow.

Mrs. J. D. Livingston and Mr. and Mrs. J. E. Kitching of Akin, S. C., who have been visiting Colonel and Mrs. J. H. Livingston for several weeks, left yesterday for Madison, where they will visit Mrs. Bate Inglis for a few days.

The young friends of Miss Mary Davenport of Chattanooga, Tenn., the guest of Mrs. C. V. Miller, gave a complimentary dance at the armory last night in her honor. All present enjoyed the occasion.

The Star will appreciate your news or personal items. Mail them to the office or phone them in. A message to phone No. 51, the office, or to 255, the city editor's residence, will be appreciated at any time of the day or evening. If you have a guest, if you are going away or have just returned, if someone is sick or convalescent, or if you know of anything else that is of interest send it in. Some few or many of our readers will be interested in the fact. These items make up the daily life and are the secret of the successful local paper.

Mrs. W. O. Massey, in honor of the birthday of her niece, Mrs. Bert McDonald, gave a lovely dinner today. Those present who partook of a perfect course of edibles were Mrs. A. E. Condon, mother of the honoree, Mrs. Sid Perry and daughter, Annie Laurie, sister and niece to Mrs. McDonald, and sister, Miss Florrie Condon and Mrs. Virginia A. Baker of Waco, Ga., sister to the hostess, Mr. and Mrs. C. L. Bittinger and daughter, Mabel. Mr. W. O. Massey presided at the head of the table and did the carving act with great skill and acceptance. The occasion was a most delightful social affair and several hours were devoted to the feast and in complimenting the graces and virtues of the charming honoree.

The county commissioners and the citizens' committee on the new court house plans and specifications have cleared the deck and began consideration on the foundation walls.

LOST—A bunch of keys, with chain and ring attached. Lost between the Ocala House and the A. C. L. Depot. Finder will please return them to the Star office and receive reward.

Seibel Bros' Dog and Pony Show are being billed for two performances in Ocala next Friday, March 9. The press representative of the show was a visitor to the Star office this morning. He has made all necessary local arrangements for the appearance of the four-footed fun-makers, and they will arrive, via special train, 209 strong, early Friday morning. The circus grounds will be located opposite the A. C. L. depot. This exhibition is one of the largest of its character on the road, there being 75 ponies, 75 dogs and 50 monkeys, who take part in the performance. This is the first visit of the show through this state, but the tour is proving a series of triumphs, as from all reports, people are being turned away at almost every performance in the larger cities.

RAILROAD RATE BILL
WILL PASS UNAMENDED

Washington, March 2.—The railroad rate bill will be passed by the Senate practically as it came from the House, is the admission that the opposition is almost ready to make. It was admitted today that they cannot hope for any assistance from the president in getting an amendment for a judicial review of the orders of the Interstate Commerce Commission. The president made this clear to Senators Crane and Spooner yesterday. The only hope left to the opponents of the bill is in the democrats. They have not definitely determined what the party position will be towards such an amendment, but it is admitted that more than half the minority favor the passage of the bill exactly as it came from the House.

A Chicago Alderman Owes His Election to Chamberlain's Cough Remedy

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Sherrick, 229 South Peoria St., Chicago. "Two years ago during a political campaign, I caught cold after being overheated, which irritated my throat and I was finally compelled to stop, as I could not speak loud. In my emergency a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the council." This remedy is for sale by the Postoffice Drugstore.

WOMEN'S KIDNEYS
Women are more often afflicted with kidney disorders than men, but attribute the symptoms to diseases peculiar to their sex, while in reality the kidneys are deranged. Nervousness, headache, puffiness or dark circles under the eyes, pain in the back are signs of kidney trouble that must not be ignored, or a serious malady will result. Foley's Kidney Cure has restored the health of thousands of weak, nervous, broken down women. It stops irregularities and strengthens the urinary organs. It purifies the blood and benefits the whole system. Sold by the Postoffice Drugstore.
